Wrapmaster®

THE ULTIMATE

Chef Wrap System

Found in all corners of hospitality, Wrapmaster® dispensers are used in small and mighty kitchens to the fast-paced, larger operations such as hospitals and Michelin star restaurants. It's no wonder Wrapmaster® has been trusted by chefs for 30 years, in over 40 countries within the UK, Europe, USA and UAE! Wrapmaster® has been designed to bring safety, hygiene, waste reduction and work efficiency to professional kitchens.

SEE WHAT *Chefs Think!*

"I'VE ALWAYS TRUSTED WRAPMASTER®, IT'S CHEF FRIENDLY AND THE EHO LOVE IT!"

Director of Catering, Ormiston Horizon Academy

"WE DID A THREE-WEEK TRIAL, MEASURING HOW MUCH WE HAD USED WITH WRAPMASTER®. OVER THOSE THREE WEEKS WE SAVED 20% ON CLING FILM, 25% ON FOIL AND 25% ON PARCHMENT."

General Catering Manager, ISS Food and Hospitality

"WITH A 25% COST SAVING, WRAPMASTER® IS A PRODUCT THAT SHOULD BE IN EVERY KITCHEN, BIG OR SMALL."

President of the Emirates Culinary Guild, Chef Uwe Micheel

"I'VE USED WRAPMASTER® IN EVERY JOB SINCE CHEF COLLEGE AND I INTRODUCED IT TO MY LAST JOB!"

Independent Good Sense Research 2021

WRAPMASTER®

The Benefits Are Clear...

We've got a foodservice dispenser to suit the needs of any professional kitchen! We're committed to helping chefs increase productivity and reduce unnecessary food, product and cardboard waste, saving valuable time and money.

HYGIENIC

You know you can trust Wrapmaster® when it comes to hygiene as it's recommended by food safety practitioners! Unlike loose rolls or cardboard cutter boxes, Wrapmaster®'s robust plastic casing protects food wrap from any food spills and dirt – no matter how busy your service. Wrapmaster® can be quickly wiped and cleaned with sanitiser to eliminate germs – so it's always hygienically clean. With hygiene and food allergens a top priority for chefs, Wrapmaster® is the safe way to prep and wrap food in the kitchen, as well as reduce the risk of cross-contamination.

SAFE TO USE

Built with safety in mind, Wrapmaster® dispensers have a patented, hidden stainless-steel blade so there's zero risk of cuts to fingers and hands, helping to reduce accidents and reports associated with exposed cutter box blades. The high-quality stainless-steel blades make fast and light work of cutting film, foil, and baking parchment– essential when chefs need to work fast and not have service held up by ripped or tangled food wrap, (and the frustration that comes with it!).

SAVES TIME AND MONEY

By using Wrapmaster®, chefs are more efficient and – most importantly – make a huge 25% reduction in product waste*, which means Wrapmaster® dispensers are not only better for the environment but also budgets. Wrapmaster®'s patented grips hold food wrap in place ready for the next use saving time, money and preventing the annoyance of tangled wrap.

PERFECT CUT EVERY TIME

Wrapmaster® dispensers have a unique cutting mechanism allowing for a one press cut and effortless dispensing of film, foil and baking parchment, with a perfect cut every time.

DISHWASHER SAFE

Wrapmaster® dispensers can be disinfected in a commercial dishwasher ready for the next use, thanks to its dishwasher safe lid and base.

*Restaurant 3 week trial. 20% less cling film, 25% less foil and 25% less baking parchment vs cardboard cutter box

DISPENSER RANGE

The Professionals Choice

There are a range of dispensers to choose from depending on the kitchen operation and food wrap usage. Chefs and suppliers have been loyal to the Wrapmaster® brand for over 25 years, rejecting cheap plastic dispenser imitations and unhygienic carboard cutter boxes.

WRAPMASTER® 4500

For use with 45cm wide Wrapmaster® refill rolls, the Wrapmaster® 4500 is a chef's favourite and can be used with film, foil and baking parchment.

63M97 - 45CM WIDE

WRAPMASTER® DUO

One dispenser, two food wraps… the Wrapmaster® Duo can hold two rolls of 45cm wide Wrapmaster® refill rolls and be used with two types of food wrap or just one. Chefs love its space saving design!

63M50 - 45CM WIDE

WRAPMASTER® 3000

The Wrapmaster® 3000 is designed for 30cm wide Wrapmaster® refill rolls and its condensed size means food wrap perfectly fits gastronorm trays and covers bowls, dishes, and containers.

63M98 - 30CM WIDE

WRAPMASTER® 1000

The Wrapmaster® 1000 takes up the same space as a traditional cutter box whilst providing the robust qualities of the Wrapmaster® range. It's the perfect dispenser for the smaller kitchen with limited space.

63M10 - 30CM WIDE

REFILL RANGE

We've Got it Covered

The award-winning range of Wrapmaster® professional dispensers have a patented lock system that will only work with genuine Wrapmaster® premium refill rolls, ensuring professional chefs use the best quality products for their kitchen. Wrapmaster® refill rolls are available in 45cm and 30cm widths for film, foil and baking parchment.

Wrapmaster® cardboard refill cartons are printed with water-based inks and varnishes and are recyclable!

Wrapmaster® cardboard refill cores are recyclable!

CLING FILM (PVC)

Premium foodservice film with high cling, stretch and strength. Wrapmaster® cling film (PVC) helps to prevent food waste, preserve food, and protect flavour. It's perfect for wrapping all food types, (except pure fats, oils and food stored in an oily medium), and can be used in the fridge, freezer, and microwave.

- High cling, stretch and strength
- Reduces food waste, preserves food, and protects flavour
- Can be used in the fridge, freezer, and microwave
- BPA and Phthalate free

Available for use with the Wrapmaster® 4500, Duo, 3000 and 1000 dispensers…

- 31C81 - 45cm x 300m x 3
- 31C53 - 45cm x 500m x 2
- 31C80 - 30cm x 300m x 3
- 31C52 - 30cm x 500m x 2
- 31C78 - 30cm x 100m x 3 (Wrapmaster® 1000)

RECYCLABLE* CLING FILM (PE)

Wrapmaster® recyclable* cling film (PE) is a general-purpose cling film suitable for covering and wrapping all foods. Whilst not as 'clingy' as Wrapmaster® cling film (PVC) it is the right choice as a recyclable cling film alternative for use with any food type.

- Reduces food waste, preserves food, and protects flavour
- Suitable for covering and wrapping all food types
- Can be used in the fridge and freezer
- Microwave safe as a lidding agent only, not in contact with food. Maximum temperature 100°C
- Recyclable*
- Plasticizer, BPA, Phthalate and PVC free

- 18C68 - 45cm x 300m x 3
- 18C67 - 30cm x 300m x 3
- 18C35 - 30cm x 100m x 3 (Wrapmaster® 1000)

*Please check your local facilities for PE Cling Film recycling options including major supermarkets.

ALUMINIUM FOIL

Wrapmaster®'s outstanding premium aluminium foil is perfect for the demands of any professional kitchen. Incredibly versatile, it's suitable for lining, grilling, roasting and covering foods.

- Strong and durable
- Aluminium foil is 100% recyclable

- 24C55 - 45cm x 90m x 3
- 24C34 - 45cm x 150m x 2
- 24C54 - 30cm x 90m x 3
- 34C27 - 30cm x 30m x 3 (Wrapmaster® 1000)

BAKING PARCHMENT

Wrapmaster® baking parchment is perfect for every baking or lining need! Thanks to its excellent non-stick quality, there is no need to pre-grease. Suitable for use in conventional ovens as well as microwaves. It's the perfect partner for contact grilling too as it keeps the grill clean whilst acting as an allergen barrier.

Produced with raw materials from sustained forests, Wrapmaster® baking parchment is unbleached and doesn't contain any fluorinated chemicals.

Available for use with the Wrapmaster® 4500, Duo and 3000 dispensers…

- 21C32 - 45cm x 50m x 3
- 21C31 - 30cm x 50m x 3

- Excellent non-stick quality, no need to pre-grease
- Oven safe to 220˚C
- Compostable**
- Unbleached, contains no fluorinated chemicals – PFAS free
- Produced with raw materials from sustainable forests

**TUV Austria certified OK compost HOME and OK compost INDUSTRIAL. The license holder is a supplier to Cofresco Foodservice, brand owners of Wrapmaster®
