

Quality Tools for Smart Cleaning

A person dressed as a ninja in a black hooded suit is in a crouching pose, holding a long, silver telescopic pole. The pole has a green glow around it and the word "NINJA" written vertically on it. The background is a dark, industrial setting with a building and a bright light source. A green mist or smoke effect is at the bottom.

PERFORMANCE AND PRECISION AT THE HIGHEST LEVEL

The long-awaited innovation in window cleaning has finally arrived: the NINJA Carbon Telescopic Pole. It perfectly combines form and function and sets new standards for maximum control and efficiency. With its ergonomic triangular shape, low weight and exceptional rigidity and stability, it offers maximum precision in professional window cleaning. Thanks to its compact length, it is also extremely handy and easy to transport when retracted.

The UNGER NINJA Carbon Telescopic Pole is the ultimate choice for a easier, more comfortable and more efficient window cleaning.

ERGONOMIC TRIANGULAR SHAPE

Precise and safe working
without twisting or bending

CARBON MATERIAL

- Stiffer and more stable with optimum pressure transfer to the surface
- Low weight for fatiguefree working

FLEXIBLE WORK

- Freely adjustable angle adapter
- Easy-to-use quick-release fastener

RUBBER POLE TIP

- Optimised hold for microfibre cloths
- Perfect for drying window edges and for spot polishing at height

LOCKING CONE

- Compatible with all UNGER tools
- Prevents the tools from falling down
- Quick and easy tool change

EASY TO OPERATE CLAMPS

- Can be opened and closed quickly with one hand
- Stepless adjustment of the pole length
- Secure fixing when closing
- Pull-out stop prevents the pole elements from being pulled out too far

2-COMPONENT HANDLE WITH NON-SLIP END CAP

- Ergonomic and secure grip, even in wet environments
- Safe stand when putting the telescopic pole down on the floor.
